### What is Community Supported Agriculture (CSA)?

It is a partnership of mutual commitment between a farm and a community of supporters that provides a direct link between the production and consumption of food. Members purchase a share, and in return receive a fresh box of locally-grown, organic produce, delivered to their neighborhood every week!

#### CSA Members Enjoy:

- Weekly deliveries of fresh, organic produce
- Learning to cook with new, exciting veggies
- Weekly newsletters from the farm with what you can expect, and plenty of fun recipes!
- Satisfaction of supporting a local farm
- Free passes to annual events at the farm— bring your kids and let them feed the chickens or pick their own pumpkin from the patch!
